**ABOUT SRWCF**—We are affiliated with the Florida Federation of Republican Women (FFRW) and the National Federation of Republican Women (NFRW), a network that makes up over 100,000 women throughout the country who support Republican candidates and issues at all levels of government.

Our goals include assisting the party in electing qualified Republicans to office, educating our members on current issues and promoting Republican initiatives. FFRW members worked throughout the state during the election of 2010 on behalf of Republican Candidates. We worked in Republican Headquarters, held voter registration drives, and candidate forums. We worked on "Get out the Vote", walked door to door, made thousands of phone calls and filled in wherever needed.
